**Subject:** Job 1758914 - CFAC (geo list) - 11/30/2015 3:17:2

In a broadcast e-mail you recently sent in Vocus, some of the Media Outlets addressed in your 'CFAC (geo list) - 11/30/2015 3:17:22 PM - E-mail' message have invalid e-mail addresses. A list called 'Job 1758914 - CFAC (geo list) - 11/30/2015 3:17:2' has been created to provide easy recall of these intended recipients for re-sending.

You will receive this notice when the first email is returned as invalid, and the Media Outlet will be added to the 'Job 1758914 - CFAC (geo list) - 11/30/2015 3:17:2' list. For any additional returned email, the corresponding Media Outlets will be added to the list as they are returned to the mail server.

After 48 hours, the job will be considered complete, and you will receive the final notice that the list has been updated.

If you have any questions, please contact Support Services.

Thank you.
